

Aerospace

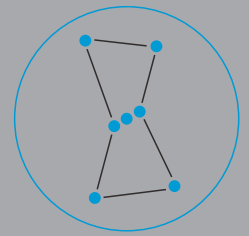

Orion Aerospace, a division of Orion Group offers specialist manpower skills within the Maintenance, Repair, Design, Overhaul and Operational Sectors of the Aerospace Industry. Orion's extensive database enables us to offer our clients qualified personnel for short or long-term projects, on a permanent or contract basis.

Orion is a global recruitment business with offices servicing market sectors around the world. The head office is situated in the Highland capital Inverness with 7 other offices across the UK, and 18 at various strategic international locations.

“An outstanding service from a quality organisation. Many thanks to the Orion Team for all their hardwork. Tremendous customer service ethic and support through, what has been a hectic time.”

Contract Manager, Cobham plc.
